

ELCA

EUROPEAN LANDSCAPE
CONTRACTORS ASSOCIATION

INVITATION

08.04.2022

9:00am - 10:00am

Brussels time

‘What
the EU Platform
Urban Greening
can do
for companies’

You may have heard about the European Platform of Urban Greening, which ELCA is a proud partner of. Since 2020, companies and schools in the urban greening sector are working together in this EU funded initiative on life long learning courses, applied research and initiatives to promote urban greening to policy makers and the general public.

What is in it for you as ELCA member? What can you get out of this platform and how?

INVITATION

ELCA Committee of firms Conference

08.04.2022 • 9:00am - 10:00am Brussels time

Boudewijn Grievink will explain the European Platform for Urban Greening and give you a first taste why you may want to be involved too.

Boudewijn is heading the international activities of the Dutch Katapult network, one of the European Platform for Urban Greening’s partners.

The Katapult network consists of over 450 public private partnerships in vocational education across all sectors in the Netherlands. Together, these partnerships are making sure that today’s talent has the right skills to built a great tomorrow.
